## Just Food For Dogs – A unique Dog Kitchen that is helping great causes for dog lovers...

Written by [Pet World Insider](#) on July 5, 2012 in [Blog Articles](#), [News](#), [Products](#) - [6 Comments](#)

# JustFood ForDogs™

**Cooked Fresh | Packaged Frozen | Delivered to Your Door**

We just received this great update from our friends at Just Food For Dogs. We highly recommend a trip here to see them and pick up some of the best freshly made dog food you can buy. Plus, they are extremely knowledgeable and helpful people who really care about dogs and the health of dogs!

They also do a lot of great specials and promotions...and this one may be their best ever:

Just Food For Dogs presents their Summer Charity Giveaway where \$1,000 cash will be donated each week to selected charities benefitting pets as chosen by top local pet care providers. The giveaway will kick off on July 8 and continue for the subsequent nine weeks thereafter.

The cash amount of \$9,000 will be displayed everyday at Just Food For Dogs, and customers can freely participate just by purchasing a package of dog food. For each pack of food purchased, they will get to take \$1 from the display and put it in the plexi-glass box of the week to benefit the charity of the week.

Just Food For Dogs invited nine doctors to participate in the giveaway by selecting the pet charity of their choice where \$1,000 will be donated in their name. The doctors of choice are Board Certified Specialists from Ontologists to Dermatologists, but they all have one combining trait—a love for animals.

Each week a card providing information on the doctor and charity of the week will be displayed next to the plexi-glass box. For customers that want to support a specific cause, Just Food For Dogs recommends loading up on dog food for that promoted week so their preferred charity will benefit.

To celebrate the end of the giveaway, an open house will take place August 26 where Just Food For Dogs will hand out all of the checks to the various charities. The celebration will include a BBQ cookout with complimentary food and refreshments.

Recipients of the charity include:

### **Participating Vets & Their Charities**

#### **Week 1 Charity, July 8: [Fur-Ever Home](#)**

Doctor: Julie Stegeman, DVM, Diplomate American College of Veterinary Internal Medicine

Practice: [Southern California Veterinary Specialty Hospital](#)

Charity Information: Fur-Ever Home is dedicated to serving the community and animals for the betterment of all lives. The mission of Fur-Ever Home is to help support people and animals in their time of need, by providing resources and/or alternatives to help reduce the number of homeless pets.

Through education and community outreach, they work to help people keep their pets and promote the importance of spaying and neutering. They strive to be well known in our community for integrity, and one that makes a positive difference in the lives of others. They believe in the possibility that through education, awareness and inspiration, they will one day have more Fur-Ever homes than homeless pets.

**Week 2 Charity, July 15:** [American College of Veterinary Internal Medicine Foundation \(ACVIM\)](#)

Doctor: Sara Fiocchi, DVM, Diplomate American College of Veterinary Internal Medicine-Oncology

Practice: [Veterinary Cancer Group of Orange County](#)

**Week 3 Charity, July 22:** [American College of Veterinary Internal Medicine Foundation \(ACVIM\)](#)

Doctor: Courtney Zwahlen, DVM, Diplomate American College of Veterinary Internal Medicine-Oncology

Practice: [Southern California Veterinary Specialty Hospital](#)

Charity Information: The ACVIM Foundation is a non-profit organization created in 2000 to support and advance the work of specialists in the American College of Veterinary Internal Medicine (ACVIM): internists, cardiologists, neurologists, and oncologists. Because clinical studies in veterinary medicine are severely under funded, ACVIM specialists have long depended on the generosity of private donors and industry sponsors to support their research. The ACVIM Foundation exists to bridge the gap between available funding and the vital work that needs to be done.

Contributions to the ACVIM Foundation help fund research, education, advocacy, and service, which lead to the ultimate goal – healthier and longer lives for animals.

**Week 4 Charity, July 29:** [Search Dog Veterinary Foundation](#)

Doctor: Cindy Duesberg, DVM, Diplomate American College of Veterinary Internal Medicine

Practice: [Advanced Internal Medicine](#)

Charity Information: Search Dog Veterinary Foundation (SDF) is a non-profit, non-governmental organization based in Ojai, California. Their mission is to strengthen disaster preparedness in America by partnering rescued dogs with firefighters to find people buried alive in the wreckage of disasters. The teams are provided at no cost to fire departments and other emergency service agencies throughout the country.

**Week 5 Charity, Aug 5:** [Coastal German Shepherd Rescue](#)

Doctor: Tracey Rossi, DVM, Diplomate American College of Veterinary Internal Medicine

Practice: [Southern California Veterinary Specialty Hospital](#)

Charity Information: Coastal German Shepherd Rescue of Southern California is a non-profit public charity dedicated to finding loving homes for abandoned German Shepherds. Coastal was formed to serve communities in the counties of San Diego, Orange, Los Angeles and the Inland Empire. Coastal is dedicated to providing new beginnings for homeless German Shepherds who have been abandoned, neglected, abused, relinquished by their owners or left at local shelters to await an uncertain future.

They are committed to finding loving permanent homes for the orphaned dogs in their care.

**Week 6 Charity, Aug 12:** [Orange County Humane Society](#)

Doctor: Laura Wilson, DVM, Diplomate American College of Veterinary Dermatology

Practice: [Animal Dermatology Clinic -Tustin](#)

Charity Information: The Orange County Humane Society strives to provide temporary safe refuge for

the sick, injured, lost, neglected, abused and unwanted animals. The shelter's goal is to find a permanent, loving home for all of their pets and to provide rehabilitation whenever possible. They are dedicated to the relief of animal suffering, the promotion of animal welfare and the education of the local community.

**Week 7 Charity, Aug 19:** [Newport Beach Pick a Pet Foundation – Newport Beach Animal Shelter](#)

Doctor: Karla Nichols, DVM

Practice: [Mariner's Mile Pet Clinic](#)

Charity Information: The Newport Beach Animal Shelter rescues dogs in hopes that the owners claim them, yet many never get reunited with their family. The unclaimed are adopted out to families that can provide love and security. They have the Pick-A-Pet Foundation that benefits from donations, assisting with medical treatments on animals that would be euthanized if treatment was not provided.

**Week 8 Charity, Aug 26:** [Orange County German Shepherd Rescue](#)

Doctor: Donald Earl, DVM

Practice: [Lido Animal Hospital](#)

Charity Information: German Shepherd Rescue of Orange County (GSROC) is a non-profit charity organization dedicated to rescuing, rehabilitating and re-homing purebred German Shepherd Dogs that have nowhere else to turn. They are an all-volunteer organization with no paid staff and are funded entirely by private donations. Dogs for adoption are housed in foster homes and private boarding facilities. Their mission is that they believe that by focusing on their niche—German Shepherd Dogs—and by placing the dogs in suitable, lifelong homes, they can significantly reduce the number of animal lives that are lost in the immediate area.

**Week 9 Charity, Sept 2:** [Orange County Pit Bull Rescue](#)

Doctor: Thomas Irwin, DVM

Practice: [Newport Mesa Animal Hospital](#)

Charity Information: Orange County Pit Bull Rescue is an all-volunteer organization working to build a community of responsible dog owners. They accept Pit Bulls from a variety of unfortunate circumstances and provide them with a second chance. Since they do not have a boarding facility, all OCPBR dogs are taken into responsible, loving foster homes. The dogs stay with their foster families until their own forever home is found. They also provide proper socialization, medical care and training to ensure successful placement in adoptive homes. Orange County Pit Bull Rescue is working to change the perception of Pit Bulls by educating the public on the history and true temperament of the breed.

**About Just Food For Dogs**

Just Food For Dogs is a commercial, human-grade kitchen based in Southern California providing daily food for healthy dogs and custom formulations for dogs with special dietary needs such as digestive disorders, pancreatitis, cancer, food allergies, diabetes, liver and kidney disease. All food and treats are made entirely from USDA/FDA ingredients certified for human consumption and cooked to the minimum allowed temperature to preserve the maximum nutritional value. The team behind the kitchen and recipes are composed of a veterinarian, canine nutrition expert, pet chef and a cadre of dogs and dog lovers. Ultimately, Just Food For Dogs is a dog kitchen with one goal: to increase the quality and length of life for as many dogs possible.
