JustFoodForDogs.com

It's True...

The single most important element to a dog's life (after he has found the love of his human) is his daily diet. The food you choose to put in your dogs body, more than anything else, will determine his future health, happiness, well-being, energy level and may even have an impact on his vet bills.

We started JustFoodForDogs® with one, simple, primary objective – to increase the quality and length of life for as many dogs as possible through a proven, balanced, whole food diet. JustFoodForDogs is quite simply the very best food you can feed your dogs. Independent research at a major university found that dogs fed our food experience a boost in immune cells and markers of health. In short, our food makes dogs healthier. We want your dog to have the advantages that come along with using only ingredients certified and approved by the USDA for human consumption. That is why we not only give away our recipes, we do it gladly and we even teach you how to make our food at home.

Preparation and Cooking

1. Wash all vegetables thoroughly.
2. Use fresh vegetables whenever possible, but if one or two items must be frozen, make sure there are no added ingredients such as salt or sugar.
3. Make absolutely certain that all apples have been cored and all seeds removed - apple core/seeds can be toxic to dogs.

Cooking Directions

A. In a nonstick skillet, brown chicken thigh, chicken gizzards and chicken liver over medium high heat, stirring frequently. Add spinach, carrots and apples while chicken is still slightly pink. Continue to cook until chicken is fully cooked and vegetables are soft. Do not drain. Let the mixture cool until it is warm to the touch.

B. Cook rice according the package directions. Let cool.

C. In a large mixing bowl, combine all ingredients. Slowly sprinkle in nutrient powder blend until fully incorporated.

D. Portion into individual serving size and store in freezer or refrigerator. Stored in the refrigerator, this recipe will stay fresh 4-6 days.
