Preparation and Cooking

1. Wash all vegetables thoroughly.
2. Use fresh vegetables whenever possible, but if one or two items must be frozen, make sure there are no added ingredients such as salt or sugar.
3. Be sure to use ripe potatoes, without any shades of green showing.
4. Once cooked, cool the potatoes with 1 quart of ice to stop the cooking process and retain their consistency.

Cooking Directions

- A.** Place cod on a parchment lined baking sheet and place in a preheated oven at 350F. Cook for 15-20 min or until fully cooked. Let it cool until it is warm to the touch.
- B.** Steam or boil vegetables until soft. Let cool.
- C.** Bring water to a rapid boil in an appropriately sized pot. In the meantime, dice the russet and sweet potatoes (do not peel) to 1/4" or an appropriate bite size for your dog. Add potatoes to the water and lower heat to a simmer. Cook for 10-15 min or until fully cooked (soft to the touch). Add ice to stop the cooking process. Drain. Let cool to the touch.
- D.** In a large mixing bowl, combine all ingredients including oil. Slowly sprinkle in nutrient powder blend until fully incorporated.
- E.** Portion into individual serving size and store in freezer or refrigerator. Stored in the refrigerator, this recipe will stay fresh 3-4 days.

This recipe will yield approximately 11 lbs of food, equating to approximately 5,310 Calories (kcal).
