It's True...

The single most important element to a dog's life (after he has found the love of his human) is his daily diet. The food you choose to put in your dogs body, more than anything else, will determine his future health, happiness, well-being, energy level and may even have an impact on his vet bills.

Preparation and Cooking

1. Wash all vegetables thoroughly.
2. Use fresh vegetables whenever possible, but if one or two items must be frozen, make sure there are no added ingredients such as salt or sugar.
3. Once cooked, cool the macaroni with 1 quart of ice to stop the cooking process and retain its consistency.

Cooking Directions

A. In a nonstick skillet, brown the turkey and turkey liver over medium high heat, stirring frequently. Add carrots, zucchini, broccoli and cranberries while turkey is still slightly pink. Continue to cook until turkey is fully cooked and vegetables are soft. Do not drain. Let the mixture cool until it is warm to the touch.

B. Cook macaroni according to package directions. Once cooked, add ice to stop cooking process and drain. Let cool.

C. In a large mixing bowl, combine all cooled ingredients including oil. Slowly sprinkle in nutrient powder blend until fully incorporated.
