

No More Sleepless Nights

Lovable Bella (featured on the cover) was plagued with environmental allergies that made her life miserable. With chronic ear infections and serious skin allergies, she was afflicted with relentless itching that led to constant paw licking and sleepless nights.

To combat the effects of her allergies, Bella's life became a regimen of trips to the dermatologist, antibiotics, steroids, weekly medicated baths and shots. After four years of suffering, Bella was introduced to Skin & Allergy Care in combination with a JustFoodForDogs whole-food diet.

"It saved her life," says Kristen, Bella's pet parent. "She used to scratch so much that she would get wounds that would get infected. Once she got on the JustFoodForDogs regimen, the itching and infections stopped. She no longer required endless visits to the vet and expensive medications, which saved thousands of dollars. It was a miracle. She began sleeping through the night and people complimented me on her gorgeous coat."

(Yield: 37.5mg of Oleuropein)

Other ingredients: Gelatin, Microcrystalline Cellulose, Magnesium Stearate, Silica Dioxide and Water.

Dr. John Tegzes, VMD, Dipl. ABVT
Dr. Oscar Chavez, BVetMed, MRCVS MBA

Why Use Skin & Allergy Care?

Olive leaf extract can result in a healthier immune system and help respond to common infections and allergies that affect a dog's:

- Skin
- Ears
- Eyes
- Gastrointestinal tract

JustFoodForDogs Skin & Allergy Care's olive leaf extract is a natural antimicrobial and antioxidant that has been proven in the treatment of dermatitis and other types of allergies that can affect your dog.

Nature's Antibiotic

In Mediterranean regions where olives and olive oil are consumed frequently, there is a lower incidence of certain chronic diseases, infections and even cancers. Scientific research has isolated the beneficial effects of olives to a component called oleuropein. Oleuropein, which is found in highest concentrations in the olive leaves, can be rapidly absorbed and distributed after ingestion.

Our Skin & Allergy Care supplement takes advantage of the healing power of this natural antibiotic and its antibacterial, antifungal and antimicrobial properties to stimulate your dog's immune system.

Count on Skin & Allergy Care

JustFoodForDogs Skin & Allergy Care is a convenient way to deliver all the benefits of olives and olive oil without adding extra calories and fat. Studies suggest that olive leaf extract supplement:

- Supports healthy immune functioning
- Fights infection from bacteria, viruses, molds and fungi
- Acts as a strong antioxidant and anti-inflammatory
- Can, along with healthy diet and exercise, benefit normal liver and gallbladder functioning
- May help to normalize blood glucose concentrations in diabetic dogs

Veterinarian Developed

Our veterinary supplements address the most common ailments found in dogs. Designed by our board-certified veterinary toxicologist, Dr. John Tegzes, VMD, Dipl. ABVT, in collaboration with JustFoodForDogs Chief Medical Officer Dr. Oscar Chavez, our supplements are a perfect complement to our whole-food nutrition products.

All our JustFoodForDogs veterinary supplements are made in an FDA-certified facility and manufactured under Good Manufacturing Practice (GMP) guidelines. Made only with human-quality ingredients, JustFoodForDogs supplements are safe for people as well.

These statements have not been evaluated by the FDA. These products are not intended to diagnose, treat, cure or prevent any disease.
