## COOKING GUIDE

### Turkey and Whole Wheat Macaroni

## One Happy Husky

Nala (on cover) loves our Turkey and Whole Wheat Macaroni. It's her favorite JustFoodForDogs meal. She's been gobbling it up since she was rescued almost three years ago and her pet parents believe it's key to her health, happiness, and shiny, pillow-soft coat.

Nala knows that JustFoodForDogs meals are tail-wagging good. What she doesn't know is that our balanced whole-food recipes also make dogs healthier. Independent research at a major university found that dogs fed our food experience a boost in immune cells and other markers of health.

When we started JustFoodForDogs, our goal was to increase the length and quality of life for as many dogs as possible. Like Nala, we want your dog to have the advantages that come with using only ingredients certified and approved by the USDA for human consumption. That's why we gladly share our recipes, and will even teach you how to make our food at home.

## Feeding Guidelines

Use standard 8 oz. measuring cup.

Dog Weight	Oz	Cups
10	7	1.00
20	11	1.50
30	16	2.00
40	19	2.50
50	23	3.00
60	26	3.25
70	29	3.75
80	32	4.00
90	35	4.50
100	38	4.75
115	43	5.50
125	45	5.75
150	52	6.50

## Preparation

1. Wash all vegetables thoroughly.
2. Use fresh vegetables whenever possible, but if one or two items must be frozen, make sure there are no added ingredients such as salt or sugar.
3. Prepare a 1 quart ice bath. Once the macaroni is cooked, the ice will be used to cool it and to stop the cooking process so it retains its texture.

## Cooking

1. In a nonstick skillet, brown the turkey and turkey liver over medium high heat, stirring frequently. Add carrots, zucchini, broccoli and cranberries while turkey is still slightly pink. Continue to cook until turkey is fully cooked and vegetables are soft. Do not drain. Let the mixture cool until it is warm to the touch.
2. Cook macaroni according to package directions. Once cooked, add ice to stop cooking process and drain. Let cool.
3. In a large mixing bowl, combine all cooled ingredients, including oil. Slowly sprinkle in DIY Nutrient Blend until fully incorporated.
4. Portion into individual serving sizes and store in freezer or refrigerator. Stored in the refrigerator, this recipe will stay fresh 4-6 days.
