## COOKING GUIDE Lamb and Brown Rice

## Living Large

Sneakers (on cover) is living proof that good things come in small packages. A foster who stole his pet parents' hearts and became part of their forever family, Sneakers loves our Lamb and Rice recipe (not to mention all JustFoodForDogs healthy treats). Happy and huggable, Sneakers' favorite activities are sunbathing, burying himself in blankets and, of course, feeding time.

Sneakers knows that JustFoodForDogs meals are delicious. What he doesn't know is that our balanced whole-food recipes also make dogs healthier. Independent research at a major university found that dogs fed our food experience a boost in immune cells and other markers of health.

When we started JustFoodForDogs, our goal was to increase the length and quality of life for as many dogs as possible. Like Sneakers, we want your dog to have the advantages that come with using only ingredients certified and approved by the USDA for human consumption. That's why we gladly share our recipes, and will even teach you how to make our food at home.
